

## Total Healthcare Staffing

[Our Mission](#) | [Our Commitments](#) | [Company History & Leadership](#)

### Our Mission

First Call Team's mission is to supply skilled and compassionate medical professionals to healthcare providers, thereby fostering the well-being of their patients, and to provide basic health services to corporate employers, thus promoting the health of their employees and the economic vitality of the communities in which we operate.

### Our Commitments

We will achieve our mission through purposeful and thoughtful relationships with the five constituencies we serve:

- [Patients](#), who deserve the best care available
- Our [employees](#)
- The [healthcare providers](#) with whom we have partnered to care for their patients
- The [corporations](#) whose employees benefit from our basic health services
- Our [investors](#), who support and demand our continuing success

#### Patients

To the patients we care for and about, we will honor and respect you while competently and compassionately delivering top-quality medical care.

#### Employees

To our most valuable resource, our employees, we pledge a competitive compensation package and the same respect, fairness and human compassion that we expect you to extend to patients and provider personnel alike.

#### Providers

To the healthcare providers with whom we work in partnership, we will serve as a reliable resource for competent and compassionate medical professionals, thereby promoting your organization's reputation for excellent patient care.

#### Corporations

To the corporate employers who rely on us for basic health services, we share your commitment to the health and productivity of your employees.

#### Investors

To our investors, we promise the highest levels of ethical conduct and fiscal prudence and a continual readiness to maximize organizational growth, operational efficiency and your return on investment.
